Outline

- 
- A cartoon illustration of a man with brown hair, wearing a grey suit jacket, a white shirt, and a bright pink tie. He is standing on the left side of the slide, pointing his right index finger towards the 'Outline' title. His left hand is clasped in front of him. A thin black line extends from his right hand, pointing towards the title.
- Definitions of rights.
 - Definitions of responsibility.
 - Client/ patient's Bill of rights
 - Client /Patient's responsibilities.

Definitions

Rights:

- A right is a freedom that is protected, such as the right to free speech and religion.

Examples:

- One person's rights are another's duty.
- A patient's rights are the nurse's duties.
- A nurse's rights are the employer's duties.
- A person's rights are based on human needs

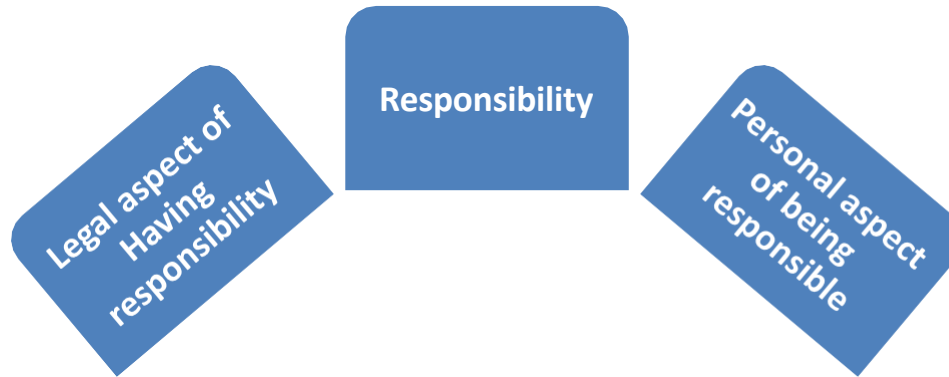

Responsibility

- The **duty** or something you **should** do.
- Duty is generally linked to something prescribed

Having Legal responsibility: It means

- A job for which the person is **paid**.
- Answer to someone' request or, usually is defined by **contract**.
- The contract helps to know what the **limits** of these actions are

Being responsible :

- A person who feels involved in other person's affairs e.g. Care
- Awareness of what is happening and be prepared to engage with it and work for its positive advance.

PATIENT'S RIGHTS

A. Patient has the Right to:

- ❖ Have **respectful care** to dignity, **regardless** of nationality, color, age, sex, religion, and disability.
- ❖ **Obtain** relevant current, understandable **information** concerning diagnosis, treatment, and any other instructions about the follow – up, besides the prognosis.
- ❖ Know **the name** of the physician, nurses, and staff members involved in the treatment.

A. Patient has the Right to:

- ❖ Be **seen** by the **consultant** within **24** hours from **admission** and on a regular basis after that during the episode of admission.
- ❖ Make **decision** about the **plan** of care prior and during the course of **treatment**.
- ❖ Have **privacy in examination**, treatment, and **discussion**.
- ❖ Confidentiality
- ❖ Discuss **openly** and in full **confidentiality** about illness in a **convenient atmosphere**.

A. Patient has the Right to:

- ❖ Review **records** and information regard care.
- ❖ Appropriate care and **services** within the **capacity of hospital**.
- ❖ Be informed about **business relationship** between **hospitals**, educational institutions and **payers** especially if this has influence on care and treatment
- ❖ Decline to **participate** in proposed **research** studies affecting care and to have these studies fully explained before involvement and prior to consent.

A. Patient has the Right to:

- ❖ Reasonable **continuity of care** and to be informed by **physician**.
- ❖ Know the **reason for any test** or diagnostic **procedures** that will be **done**
- ❖ Know the **nature** of **risks** of any **procedure**.
- ❖ **Refuse** signing the **consent** form for any **test** that he feels does not have information about.

A. Patient has the Right to:

- ❖ Limit those **persons** who would **visit** or call during admission, in accordance with hospital policy and procedure.
- ❖ Obtain any **information** or documents, such as **medical reports**, sick leave, etc.... as documented in the **medical chart**.

A. Patient has the Right to:

- ❖ Request **consultation** or **second opinion** from other physician's through the treatment
- ❖ Request for a **change of physicians** as per hospital policy.
- ❖ Change or transfer to **other hospital**
- ❖ Right to receive care in a **safe** environment free from all forms of abuse, neglect, or mistreatment

Responsibilities of a Patient

1- Be honest with health care professionals about:

- Patient's health status.
- Any changes the family has noticed about patient's feeling.
- Received medicines.
- Families' needs or worries
- Any religious, culture, or learning needs

2- Patient's help in receiving appropriate care by:

- Follow the **direction** of doctors, nurses and others who take **care** of patient.
- Follow the **treatment plan** established by the physician, including the **instructions** of nurses and other health professionals as they carry out the doctor's order.

3- Follow health settings' rules and regulations by:

- Never **hit or threat** another patient, family member, or staff member.
- Make the organization **smoke-free, alcohol-free**, and free of **illegal drugs**.
- **Use only** the **medications** that **doctor's** prescribed.
- Be committed to the **visiting hours**
- Keep the **volume of personal** TV, Radio, or tape player at a level that will not bother others.
- Use hospital **supplies with care**

4- Respect other patients and families by:

- Giving them privacy.
- Limiting own visitors and having them observe visiting hours.
- Keep what heard about others to self
- Give the health care provider correct information about personal insurance .
- Give the health care provider any records or forms that the insurance company needs to pay the bill.

Thank
you
